Education

Sahyadri College of Engineering and Management Dec 2021 – Jun 2025
Bachelor of Engineering in Computer Science *Mangalore, Karnataka*

Experience

Niveus Solutions Nov 2023 – Feb 2024
Technical Intern *Mangalore, Karnataka*
- Designed a solution to manage configuration data for cloud projects used by **500+ employees**.
- Worked with **Next.js, PostgreSQL**, and **Express.js** to build a dynamic platform to store configurations.
- Deployed the application on Google Cloud using **Artifact Registry, Cloud Run, and Cloud Build**.

The Startupreneur Sep 2022 – Jan 2023
Full Stack Developer Intern *Remote*
- Developed **user-friendly and responsive UIs for two clients**, enhancing user satisfaction.
- Actively engaged in project meetings to address challenges and refine **teamwork and coordination**.
- Utilized collaboration tools like Notion, Slack, and Figma to improve efficiency and team communication.

Projects

Sankalp | *Next.js, TypeScript, TailwindCSS* October 2023
- Developed the frontend for Sankalp, successfully facilitating registration for **1100+ users** in an event by SOSC.
- Worked on user registration, dashboard, and event enrollment, ensuring a seamless and comprehensive user experience.
- Implemented admin panel for **user management** and **registration monitoring**, enhancing organizational efficiency.

Tiles | *Next.js, TypeScript, Express.js, MongoDB, Sockets* September 2023
- Built a **real-time collaboration platform**, enabling users to interact on a shared canvas.
- Implemented a secure **user authentication** system, including **guest login** functionality with over **250+ logins**.
- Elevated user experience with minimalist user interface, diverse color palette, and real-time collaborative updates.

Rudraksh | *Next.js, TailwindCSS, APIs* August 2023
- Built a **responsive web platform** for farmers to identify plant diseases, by uploading the image of the plant.
- Integrated machine learning API for disease detection, treatment recommendations, and prevention measures.
- Secured **2nd place** in inter-district **competition by IEEE**, and showcased the project among **400+ students**.

Technical Skills

Languages: C, Python, HTML, CSS, JavaScript, TypeScript
Developer Tools: VS Code, Git, Postman, Docker, Google Compute Engine, Cloud Run, Artifact Registry
Technologies/Frameworks: React.js, Next.js, Node.js, Express.js, MongoDB, PostgreSQL, TailwindCSS, Linux

Organizations

President - Sahyadri Open Source Community Jun 2023 – present
- Organized DevHost 2024 hosting **30+ industry speakers** and **1000+ attendees** over **3 days**.
- Leading a team of **25 members**, enhancing **technical and leadership skills**, and promoting **open-source**, with over **10 Workshops**, **6 Coding Events** and **3 Hackathons**, collaborations with GDSC, IEEE, FOSS Mangalore.
- I gave a **workshop on Git and GitHub**, and delivered a **talk on Asynchronous JavaScript**.

Postman Student Leader Oct 2023 – present
- Actively promoting and advancing API literacy initiatives on campus.
- Successfully organized and conducted a **workshop on API basics** using Postman.

Achievements

Blockchain Track Winner Devhack 5.0 February 2024
Developed a collaborative savings platform __Finvest - Pots__. *IIT - Dharwad*

3rd Place Smart India Internal Hackathon September 2023
Proposed Idea and Prototype for Smart Irrigation System using AI and IoT. *SCEM*

2nd Place API Literacy August 2023
Built __Rudraksh__ to identify plant diseases, enhancing crop health manage. *IEEE Mangalore Subsection*
